

- **INDPRO PHARMA SERIES**

INDPRO PHARMA SERIES are food grade quality white mineral oils refined to the highest degree of purity and stabilized with Vitamin E oxidation inhibitor. They are available in 4 ISO Viscosity Grades 15, 40, 68 & 100 and surpass the current standards of the US Pharmacopeia (USP) or National Formulary (NF). They also exceed the requirements set forth in the U.S. FDA Regulation 21 CFR 172.878 for use in or on food for human consumption plus 21 CFR 178.3620 (a) for use as a component of non-food articles intended for use in contact with food for human consumption. Applications are numerous and include (i) cosmetics & pharmaceuticals eg. laxatives, sunscreen lotions, baby oils, bath oils, ointments, palletizing aids (ii) food processing eg. release agents, coatings for fruits & vegetables, defoamer, egg shell spray, lubricants & rust preventatives (iii) in general industry eg. plastics & resins, diluent, pigment dispersant and textile fibre lubricant.
